

Your wish has been granted

Cla-Val's extensive range of in-stock valves can make your wishes come true

**YOU HAVE THE
POWER TO GET WHAT
YOU NEED**

- **Waterworks**
- **Fire Protection**
- **Aviation/Ground Fueling**

Need an automatic control valve in a special size?

A special material? Fast delivery?

Cla-Val can quickly provide what you need to keep your system up and running.

It's not magic. It's having a complete range of products in both standard and special materials and sizes on the shelf, ready to meet your most critical needs.

- Sizes up to 36" in stock
- Commitment to maintaining adequate inventory levels
- Two on-site foundries pouring more than 50 different alloys
- Manufacturing facilities located throughout the world equipped with the latest machining technologies

A wide range of material choices

From common to exotic and everything in between, Cla-Val offers a wide range of materials, including but not limited to:

- Cast Iron
- Ductile Iron
- Aluminum
- Cast steel
- 304L and 316L Stainless Steel
- Super-Duplex Stainless Steel
- Super Austenitic Stainless Steel
- Naval Bronze
- Nickel Aluminum Bronze
- Monel
- Inconel

...and the latest addition to our range of capabilities:

Titanium that is 50% lighter than stainless steel but just as strong.

An extensive range of sizes

Not only do we stock the most commonly used valve sizes, we also keep the "hard-to-get" sizes in special materials such as 1-1/2" through 12" all stainless steel valves and 6" and smaller bronze control valves on the shelf and ready to ship.

To learn more, visit www.cla-val.com and type foundries in the search field or contact the Cla-Val Sales Agent nearest you
